

ABOUT US

Founded in 2022 in France, Biomes Organic is a global botanical and natural ingredients supplier with an expertise in African and Indian origins sourcing

We are involved with farmers from the root level to the final client delivery, dedicated to match high quality requirements from our clients with supply chain proficiency. We are proud to distribute our products already in 3 different continents and empower farmers to work sustainably for their livelihood and the environment.

In accordance with Biomes Organic's strong commitment to preserve the environment, we are supplying various plants with a constant progression of organic certified products.

We are dedicated to supplying high-quality and long-lasting products. Our team is at your disposal to discuss your specific needs and requirements.

Available in different forms and packaging:
WHOLE / CUT / BREAKING / STICK / TEA BAG CUT / POWDER
